

Digitide Honored as “AMS Pioneer Partner” at 2026 Tricentis Partner Awards for Revolutionizing AI-Led Quality Engineering

Bengaluru, India — March 25th, 2026 — Digitide Solutions Limited, a global leader in AI-led digital transformation and Quality Engineering (QE), today announced it has been named the AMS Pioneer Partner at the 2026 Tricentis Partner Awards. This prestigious recognition underscores Digitide’s role in defining the future of automated testing and its commitment to delivering high-velocity, AI-powered solutions across the Americas.

The [Tricentis Partner Awards](#) celebrate the elite achievements of global partners who have played a pivotal role in advancing AI-powered quality engineering and customer excellence. This “Pioneer” designation specifically spotlights Digitide’s technology leadership, innovation, and its ability to deliver transformative, industry-specific impact.

“Being named the AMS Pioneer Partner reflects our mission to move beyond traditional testing into a new era of autonomous quality,” said Gurmeet Chahal, CEO & ED of Digitide Solutions Limited. “In a \$60 billion market being rewritten by AI, Digitide isn’t just reacting to change—we’re driving it. By fusing Tricentis’ industry-leading technology with our AI-led delivery, we are helping our clients shatter bottlenecks, predict failures before they happen, and release software with unprecedented confidence.”

As enterprises face increasing pressure to accelerate digital roadmaps, the Digitide-Tricentis partnership provides a critical advantage. By leveraging AI for self-healing test scripts and predictive failure detection, Digitide enables organizations to reduce risk while driving measurable business impact and faster time-to-market.

“Our partners are an extension of our business and a driving force behind our growth,” said VJ Kumar, SVP Americas Commercial Sales, Tricentis. “This year’s award recipients delivered outstanding results by helping customers move faster and realize measurable value through the Tricentis portfolio. Digitide’s success reinforces why we continue to invest in our partner ecosystem and why we’re confident in what we can achieve together in the year ahead.”

The Tricentis partner ecosystem serves as a force multiplier for enterprises, combining deep domain knowledge with specialized services. With access to advanced Tricentis technology and comprehensive enablement, Digitide continues to amplify the value of the Tricentis portfolio, setting a new standard for enterprise quality engineering.

About Digitide Solutions Limited

[Digitide](#) is a next-generation technology and business transformation partner that helps enterprises reimagine their future through AI-led innovation, deep domain expertise, and global delivery excellence. We combine strategic vision with executional agility to solve complex business challenges, unlocking new value across industries – banking, financial services, insurance, healthcare, manufacturing, retail and e-commerce. Digitide empowers organizations to accelerate digital transformation, scale with confidence, and thrive in a rapidly evolving world. With a team of 55K professionals serving over 300 clients worldwide, we generate more than USD 350 million in annual revenue. For more information, visit: www.digitide.com

About Tricentis

Tricentis is a global leader in agentic quality engineering. The Tricentis Agentic Quality Engineering Platform leverages the power of AI and decades of Tricentis technology and expertise to provide a new and fundamentally different way to ensure software quality across large and complex enterprise application environments. An approach that's totally automated, fully codeless, and intelligently driven by AI. It addresses both agile development and complex enterprise apps, enabling enterprises to accelerate their digital transformation by dramatically increasing software release speed, reducing costs, and improving software quality. Widely credited for reinventing software testing for DevOps, cloud, and enterprise applications, Tricentis has been recognized as a leader by all major industry analysts, including Forrester, Gartner, and IDC. Tricentis has more than 3,000 customers, including some of the globe's most respected brands such as Experian, T-Mobile, Jaguar Land Rover, Allianz, Telstra, Dolby, and VodafoneZiggo.
